Dear Sir,

Mr. Hagelin has instructed us to send to you our descriptive matter on our small cryptographer, corresponding to the type, which was manufactured in U.S.A. during the war.

This machine we have labelled C-38 (with crank lever C-38 A) and we have two illustrated editions of description + instructions for use:

- a) one rather extensive and detailed,
- b) one shortened version.

Please find enclosed one set of each.

Yours faithfully
