

Dear Bill:

According to Annie's birthday book you will be seventy on September 24, and we therefore want to send you our very best wishes - for a happy birthday and many more happy years to come! We wish we could have come to Washington to be with you on that day - but... maybe we could meet at some later date and celebrate then!

It is now time for us to return to Rep. We shall leave tomorrow morning and expect to arrive in Vic the day after tomorrow. I have some things to talk

Then on to Zep where
we expect to arrive on the
22nd.

We have been away from
Zep since April 20, a very
long time, and I am anxious
to see what progress there
has been in the study and
the laboratory.

We do hope that both
Slizmesh and yourself are
in good health, and we
send you both our very
best wishes and greetings.

Affectionately

Tom
