Dear Bill:

It is not quite nine months since I left from you last, - or is it nine since the other way round? Anyway, we have been wondering how Munich and your good work have been, and hoping of course that all has been well.

We ourselves have no serious complaints, and time is flying even if we do not keep so very busy.

In the month of February in Boston, it was doubly disagreeable as the weather was unseasonably cold, and our new apartment was not ready, so that we had to stay at a hotel, and managed however to do some "networking," and having on good luck, we will go back there on April 1st, for a couple of weeks. Karl Wilhelm and his family will join us, and we will spend the Easter holidays together.

And how are your own plans, do you expect to come to this side of the Atlantic in the foreseeable future? As you know, we would be most happy to have a chance to have you as our guest, it is too long a time since you were here last.

Our plans for the summer are unchanged, so we expect to leave for Sweden around June 15 and to return three months later.

We hope to have Ingrid and her children with us this summer also.

Ingrid is seeking a divorce from her husband, which of course is a sad thing, but which I understand is for the best, for all concerned except for her. There is no third person involved, and it is sure end s persuade incompatibility.

So many problems here, and we hope to be able to celebrate our golden anniversary in ten years time.

We have had a very cold winter, and the day take us been frozen over. It is the second time this has happened in this century.

But since a few days the thaw has set in, the ice is beginning to melt and the snow is melting fast, to have for an early spring and a good summer, as the last three summers in Sweden have been very bad indeed.

At present the weather looks at a good one, so everything is ok.

So write soon and let us know how you have been.

with affectionate regards from us both.

Sincerely,

[Signature]
