

Feb 9, 1969.

Dear Elizabeth and Bill,
It is now a long time since we heard from one another, and I have been wondering how you have been, and wishing that you felt as well as I do.

We have had an unusual winter down here - plenty of snow (a record since 1950), and some of it is still on the ground. But the sun is warm, the camelias are in bloom, and soon the other flowers will follow.

In Zug, where I spend a couple of days every week, we have too much new work - but just a little better than too little.

My apartment house Weinbergstrasse 16 will probably be ready for occupancy on May 1st, 1969.

REF ID: A2263423 I will have a nice
4-room apartment to stay in
when in Zup. I hope now only
that I can get rid of my
apartment in Menton as soon
as possible.

My help and companion Else
is getting more accustomed to
the new way of life she has
to lead. She is a great help
always in good spirits, and a
good cook.

On the 21st I am going to
Sweden for a couple of days. My
eldest sister-in-law Edith will
be 90 on the 22nd, and I want
of course be there on that day.
She keeps wonderfully well
and no signs of old age senility.
Now I wish you all that is
good, and I hope to hear
from you some time again.

Affectionately
Yours.

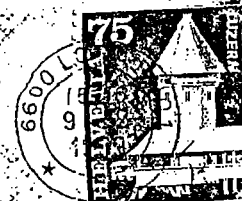

AA
