Dear Mr. Booth:

Since Mr. William F. Friedman is out of town, I wish to acknowledge your letter to him of 15 July 1954 and thank you for clearing up the confusion in regard to the possible membership of Mr. G.W. Adams on a Panel of the National Security Agency Scientific Advisory Board.

Your offer to name others in your Corporation for consideration as Panel members is appreciated. We may have occasion to take advantage of your suggestion after the autumn meeting of the Board.

Sincerely,

I. T. McDONALD
 Captain USAF
 Assistant to William F. Friedman

M/R: Acknowledgment of Mr. Booth's letter of 15 July '54. Mr. Booth had previously recommended that Mr. Adams not be a Panel member. Mr. Adams subsequently accepted Panel membership. Mr. Booth was queried. He restated Mr. Adams' unavailability and offered to name others from Philco who would be qualified for Panel service.
