See me

Sept 20, 1918

Dear Bill:

According to our records you will be 67 on the 24th, and we want therefore to wish you a very happy birthday, and many returns!

We arrived here on the 15th, after having had luncheon with John Ferguson at Kloten, from where we then left for Pauls. I had a couple of talks with him, on the 17th & 18th, and I think that we made some progress.

Annie & I expect to stay here until the 9th of October, unless something unexpected turns up. We have fine fall weather, and the grapes are ripe. I think it will be good for Annie to be away for some time from the household chores - she had rather much of them during the summer. We do hope all is well with you and Elizabeth, and we send you our love and affectionate regards.

Sincerely
Yours,
