TO:  AFSA-252F, Attn: Hazel Nelson  
FROM:  AFSA-00T  
DATE:  5 April 1951  

SUBJECT:  Additions to the Riverbank Laboratory Series of Publications  

1. Forwarded herewith for inclusion in the AFSA-02 Library are photostats of the following publications in my personal collection of the Riverbank Laboratory Series:  

   Décryptement du Système Cryptographique du Commandant Schneider, Paris, 1921.  

2. As in the case of Riverbank Publication No. 15, photostatic copies of these documents have been furnished, inasmuch as the original items are difficult, if not impossible, to obtain.  

3. Should the ASA School Library desire copies of these documents for its collection, I shall be glad to furnish that institution with copies similar to these. Inasmuch as I believe you were instrumental in forwarding to me their recent request for additional documents for the Riverbank Series, would you be so good as to ascertain for me their wishes in this matter?  

WILLIAM F. FRIEDMAN  

Incls. 3  
As noted above.

SUBJECT: Documents for AFSA Central Library

1. Forwarded herewith for inclusion in the AFSA Central Library are photo-
states of the following publications in my personal collection of the Riverbank
Laboratory Series:

   Décryptement du Système Cryptographique du Commandant Schneider,
   Paris, 1921.
   An Application of the Science Statistics to Cryptography. Appendix to
   Application des Méthodes de la Statistique a la Cryptographie.

2. As in the case of Riverbank Publication No. 15, photostatic copies of
these documents have been furnished, inasmuch as the original items are difficult,
if not impossible, to obtain.

     Haselle Nelson
FROM : AFSA-COT
       Mr. Friedman
SUBJECT: Riverbank Publications for ASA School

DATE: 16 Feb 51

In reply to your memorandum of 19 Jan 51 I am forwarding herewith for transmittal to the ASA School copies of Riverbank Laboratories Publications 22, 75, and "Synoptic Tables for the Star Cipher". No. 15, which was also listed among those publications which the School did not have, I am forwarding in photostatic form, since the original of this publication is very rare.

I believe that with these documents the set of Riverbank Laboratories Publications at the ASA School will be complete.

WILLIAM F. FRIEDMAN

Office Memorandum • UNITED STATES GOVERNMENT

TO: AFSA-00T
   Mr. Friedman
FROM: AFSA-252-F
      Hazelle Nelson
SUBJECT: Riverbank Publications for ASA School

ASA School checked its holdings of Riverbank Laboratories Publications and found the following to be present: Nos. 16, 17, 18, 19, 20, 21, and 50. They now request they be furnished only 1 each of the numbers they lack. Can you complete their set from your files?

HAZELLE NELSON
AFSA-Library Officer
1. About two years ago, I gave a complete set of the Riverbank Publications to the ASA School on an indefinite loan basis. I understand that they were deposited in "A" Branch of the School.

2. It is suggested that the ASAS Librarian be requested to ascertain whether the publications mentioned in Par. 1 above are still in the custody of "A" Branch and, if not, to advise whether a search elsewhere in the ASA School has been made for them.

3. Upon receipt of further information, I will be glad to be of any assistance in the matter.

WILLIAM F. FRIEDMAN
