CLASSIFICATION NUMBER:
Radiograms ASA Europe

To: AS-23

Date of Communication: 3 & 10 Aug. 1948

From: ASA Europe

Date of Basic Document: 22 July 1948

BRIEF SUMMARY:

Recent information received from the US Dept of State indicates present system of handling courier material for that office is unsatisfactory at Rhine Maine Airport in that all courier material received at that point is presently sent to Courier Transfer Officer Heidelberg and is then returned when necessary to Frankfurt Comm. Officer, Dept. Of State.

In many cases much valuable time is lost by this unnecessary transfer and it is suggested that arrangements to have Security Courier Service deliver direct this Hqs from Rhine Main.
