Dear Mr. Friedman:

A four drawer safe file has been provided for the exclusive use of the project. The combination lock - @ 3 combination Sargent & Greenleaf lock - is on the top drawer. The combination is left 4 times to 02, right three times to 50, left 2 times to 59. This combination was set by me this morning and is known to no one else.

Space in the old chemistry building at UCLA has been assigned; rooms 323, 325A, 325B, 327, 327A, 329, 326 and 328. Headquarters (the safe & the secretary) will be in 327 unless Cairns decides to move the 600 lb safe.

The address shown above should be used.

Classified material may be shipped to me or Cairns or Campaigne or Mrs Walters (I suppose) at that address for storage in the safe.

The name plate on the file is marked "SPEC F2-ND" (the serial seems to be) 4Y 376191, SMNA rating 1 Hr Exposure Catalogue No 4C." It is also marked "Meilink built Hercules one hour."

I am ~~leaving~~ leaving the combination in a sealed ^{marked SECRET} envelope in ~~the~~ that safe ~~was~~ addressed to S.S. Cairns.

Sincerely

CBS Tompkins

Mr. Joseph Jay Wolf.

1. As you know, Dr. Tompkins has suggested that you, Mrs. Frankl and Mr. Wolf assist him in certain problems. The problems were of such nature that it was deemed advisable to get clearances for the personnel involved. You may recall that I talked with you over the phone some two weeks ago about this matter

2. This office has been advised that clearances for you and for Mrs. Frankl are already on file in our Agency, and nothing more is required in your cases. However, in the case of Mr. Wolf, it has been requested that he furnish a Personal History Statement (PHS) and a Fingerprint Card.

3. Enclosed are two copies of PHS (D.D. Form #398) and one fingerprint card (OP-NAV 32-327). As you know, no question in a PHS form is to be left unanswered. Please caution Mr. Wolf to enter something in answer to each question, using terms such as "Not Applicable", "Does Not Apply", "None", etc., when appropriate. Only one copy of the PHS need be returned, the second copy is for Mr. Wolf's file if he desires same.

4. Please have Mr. Wolf execute required two forms and return to this office.

Sincerely,

TAMPKINS

Dear Mr. Friedman:

May I thank you for wining and dining me on 20 May? I fear that leisurely and relaxed conversations will be necessary if I am to participate in any considerable interchange of information; I seem to have missed out somehow in acquiring either the lucid expression or the perceptive understanding required for quicker interchange. When this leads to the pleasant surroundings you furnished at the Cosmos Club, I am not certain that this is a hardship.

I mailed you an attempt at what seems to me to be a reasonable mission, put together on an airplane en route to Chicago. I am not certain that you will find it any easier to read than my typing.

I have written Admiral Wenger a letter regarding several conversations I had in Washington. You participated in two of these, but I did not quote you. I suspect that you will see the letter.

I had a good visit with Cairns on the way home. I tried to tell him the things I had brought up with you, Hall, Campaigne, Gleason and others about the symposium. So far as I can tell, Cairns and I are in complete agreement about these things. He will, however, show up in Washington next week or so and can speak for himself. The logistics for the conference or symposium or whatever it is seem to be fairly well in hand at the moment, and I believe that everything will go all right.

Again, thanks.

Sincerely yours,

C. B. Tompkins
