Dear Mr. Friedman

Thank you for your telegram 221831Z, which was phoned to me this morning. I had got a letter from Howard Angstrom on Thursday which stated the later date for the meeting as a sort of side remark, so I had checked by telephone and had the date confirmed.

I don't believe that this will make any substantial change in my plans to meet you at the Air University. I shall fly over on Sunday from Los Angeles instead of from Washington. I shall expect to stay there on 10 and 11 March to meet with you on 10 March and with you or the Air University logistics people on the 11th. ~~with you on the 11th.~~
 I shall plan to fly up to Washington sometime in the evening of 11 March and to attend the meeting next day.

I have no more definite plans yet, for I still not know about airplane schedules and reservations until Monday or Tuesday. There should be no real difficulty, however, so far as I can predict. There are few flights out of Montgomery, and getting me later in the afternoon of 11 March might be difficult, but I can either cut my visit short if this is the case or try to talk somebody into flying me to Birmingham, Atlanta, Washington or somewhere else in a C-45 or a B-26.

PL 86-36/50 USC 3605

I take it that you will be able to attend the meeting with the new dates. I believe that this will improve things immeasurably.

I look forward to seeing you at Maxwell and in Washington.

Sincerely,
