Memorandum For Mr. William F. Friedman and Mr. Frank B. Rowlett,
Office of the Chief Signal Officer,
W. P. and T. Division.Subject: New Patent Application, System for Randomizing the Relations
of Electrical Circuits

1. The documents in the matter of your proposed patent application, above identified, have been completed and are submitted for your approval and execution prior to the filing of the application in the Patent Office.

2. In executing the application, please be sure to sign your names in three places and in each instance, the first name must be signed in full. The oath must be acknowledged before a notary public who must also sign and impress his notarial seal.

In executing the license each of you gentlemen should sign in one place as indicated and the first name must be signed in full in each instance. Two persons must also sign as witnesses.

3. When these documents have been executed, please return to this office whereupon the application will be placed in order and duly filed in the Patent Office.

Charles A. Rowe,
Patents Section, Signal Corps.

Declassified and approved for release by NSA on 09-05-2013 pursuant to E.O. 13526
