

CROSS REFERENCE SHEET

MAIN SUBJECT
Accounting Procedure for Packaged
Crypto Machines

CLASSIFICATION NUMBER
STORAGE AND PRESERVATION OF
CRYPTO MATERIAL

To AS-10

Date of Communication 8 Aug. 1947

From AS-80

Date of Basic Document 8 Aug. 1947

BRIEF SUMMARY

Plans have been made for storing as War Reserve, 3,400 cryptographic machines in moisture, vapor-proof metal barriers. In order that transfers and semiannual reports of possession may be made while the materials are sealed in the metal containers, a staff study of the procedure to be followed in accounting for these packaged machines has been written. It is being submitted for approval.

Classifier Mrs. Beyke
