SUBJECT: Maintenance of Security After VJ-Day

TO: All Military and Civilian Personnel
Signal Security Agency

1. All personnel of Signal Security Agency have greatly contributed towards the winning of the war. The strict maintenance of our security regulations has been responsible to a high degree for our success. I wish to commend all of you for your splendid cooperation in this matter.

2. With the termination of the war, we must be more than ever on the alert to withhold from our defeated enemies and all possible future enemies knowledge of the activities performed by this Agency. The future safety of our country is dependent upon our safeguarding any such information. Let us do our part to insure a lasting peace by not disseminating any information concerning the Signal Security Agency or any of its activities.
