Dear Stewart:

The Security Division has received the clearance forms for Victor LeRoy Klee, Jr., of the University of Virginia and they are being processed. We trust this is the "V. L. Klee" you refer to in your letter to Mr. Friedman dated 14 February. "V. L." is not a member of the Mathematical Society, incidently.

We have your latest note concerning Paige's projected letter to members of SCAMP and are giving it lots of thought. You should hear from us very soon.

Dear Dr. Langenhop:

In order to complete one phase of the necessary processing for your clearance, it is necessary that the enclosed fingerprint cards be filled out. Two cards are needed in case a print is blurred. Please fill out also the blanks which are checked in red.

Your fingerprints can be taken at any police station or service recruiting center. Please accept our apologies for your trouble.

1. To complete the clearance on Dr. Carl E. Langenhop, a completed fingerprint card is necessary. Attached are two copies of the specific card that must be used. Two cards are sent to facilitate the check in event a print is smudged.

2. Return both cards to the Security Division. If one or two prints are indistinct it is usually possible to make one good set from two cards. Have the blanks that are checked in red completed by Dr. Langenhop.

3. Iowa State College at Ames, Iowa, has been cleared as a facility through SECRET. Therefore subject will not have suitable storage facility for any higher classification.

Dear Mr. Parker:

I hope the enclosed memorandum may be of some assistance in your attempt to secure a favorable ruling from the Federal Security Administrator in Pontiac. I think you will not be asked to name the case in which we have received assurance, but if you are, Samuel B. Williams says he is perfectly agreeable to your using his name.

Please let us know if there is anything we can do to be of assistance. I urge you to secure the opinion of the Pontiac man in writing.

Very truly yours,

Copy of Memo for Record, Subj:
"Retention of R. D. Parker as Consultant", dt 18 Feb 53
MEMORANDUM FOR RECORD

16 February 1953

SUBJECT: Retention of R. D. Parker as Consultant

1. This Agency is presently planning to engage the professional engineering services of Mr. Balsamod D. Parker, a Social Security annuitant whose case, it is believed, is handled by the Flintac, Michigan Field Office.

2. We are engaged in a variety of classified research and development tasks essential to national security. In accomplishing such work it has been our policy to supplement our staff by retaining nationally known, highly qualified professional engineers in a consultant capacity. When such engineers are Social Security annuitants it is understood that consultant fees are specifically exempted from the operation of the withholding provisions of the Social Security Act. It is our understanding that Section 1426 (a) (7) (c) (v) of the "Compilation of Social Security Laws" has been generally held to deal specifically with this situation.

3. However, the fiscal and payroll regulations to which this Agency must conform do not facilitate the retention of men beyond retirement age as professional consultants, since deduction of Social Security tax from the compensation of all who are not Civil Service employees is required. Therefore, under the operation of the Payroll system, deductions would be made from Mr. Parker's compensation and posted to his Social Security account.

4. The following problem then is presented. If deposits are made to the account of this annuitant reflecting fees of a gross amount in excess of $50.00 a month, will the continuation of his annuity be jeopardized thereby?

5. This Agency is not willing to enter upon any arrangement with Mr. Parker which would operate to jeopardize his annuity. In the case of another annuitant, we have secured the assurance of the Field Director having cognizance of his case that the continued deposit of credits to his account representing deductions from consultant fees remitted by this Agency will not jeopardize his annuity. It is our earnest hope that a similar assurance may be given Mr. Parker.

National Security Agency
Washington 25, D. C.

Dear Mr. Friedman:

Mr. S. B. Williams has informed me that it is important I write you concerning the possibility of my working with the National Security Agency as a consultant and giving you a definite statement as to my own plans.

I now plan to leave the National Production Authority Jan. 30, 1953. After this change it will be necessary for me to go to Detroit for a week, perhaps ten days, to take care of some personal matters. If this plan is carried through I should be able to start work with you during the week of Feb. 16.

A statement from you that this is acceptable to the Agency would be greatly appreciated.

Yours very truly,

SUBJECT: Clearance for Mr. Thomas Reeves

1. On 6 November 1952, I requested that clearance status be ascertained for a number of persons we were considering for membership on the Advisory Board or panels thereof. Among the names, the second one listed, was as follows:

   RIVES
   Reeves, Thomas, Mr.
   DOB: No information available.
   FOB: No information available.
   Present Address: General Manager, Electronics Division,
   General Electric Company, Syracuse, N. Y.

2. Attached hereto is a copy of a letter received from the above mentioned candidate giving the correct spelling of his name and other data. I regret that whoever nominated General Rives did not give me the correct spelling of his name.

3. You will note that General Rives states that he has TOP SECRET, as well as, "Q" clearances and refers to the "Central Index". He also gives additional information which should be useful to you in locating a Personal History Statement as well as fingerprints.

4. What I would like to do is obtain a copy of the Personal History Statement and send it to him to bring it up to date with whatever additional information is necessary.

5. We are advising General Rives that we will send him a copy of a previous PHS if we can locate one and then ask him merely to bring it up to date.

Poughkeepsie, New York

Dear Dr. Samuel:

Thank you for your letter of 16 February 1953 to Rear Admiral  
Wenger, forwarding your personal history statement and fingerprint  
cards. The task of filling out the history is an arduous one and  
I appreciate your completing it for us. This step is merely a  
preliminary to our initiating the action necessary to obtain the  
special type of clearance required for access to our activities.

In response to your query as to the extent of duties we are  
contemplating having you undertake, I wish to assure you that they  
would hardly be such as to interfere with your chairmanship of the  
HDB Panel on Electron Tubes. Furthermore, I wish to indicate that  
before asking you to undertake any sort of duty or service in our  
behalf I would clear the request with Mr. John C. McPherson, who  
is a member of this Agency's Scientific Advisory Board and through  
whom I expect to establish liaison in each case where the consultative  
services of any IBM technician are desired by us.

Sincerely,

(rgd) Ralph J. Comine

M/R: In Dr. Samuel's reply (R.S. 1997) to our ltr (ser. 478, 4 Feb.)  
requesting PHS & F/P's in establishing proper clearance for NSASAB,  
SCAMP, etc., he forwarded PHS & F/P's and requested information regarding  
extent of duties we contemplated having him undertake and whether or not  
it would interfere with his continuance as Chairman of the HDB Panel on  
Electron Tubes. We are thanking him for the forms and assuring him that  
it will not affect his chairmanship.

SPENCER, D. C.

See Bruce, A. K.
1. In a personal interview with the Chief of Security, AEC, Capt. J. A. Waters, USN Ret, on 23 July 1952, the following was revealed about subject:
   a. JCS requested AEC for a "Q" clearance, January 1951. This was not granted then.
   b. AEC determined he did not possess a military clearance, May 1951.
   c. July 1951, JCS again requested AEC for a "Q" clearance which was granted on an "invite" basis. This means "Q" clearance is granted inviting attention of requestor to derogatory information concerning subject which was passed on. This is subject's present status.
   d. Capt. Waters was disturbed about the STRASBOURG CABLE and left me with the impression he would reopen the case.
   e. Subject's file has been currently requested by AEC Station at Sandia. This would indicate he is being considered for work there, or by a contractor there.

2. Mr. Gould, Security Officer, OSD, on 24 July 1952, said subject was given a "Q" clearance (didn't know about the "invite" part) to assist JCS with the WSEG project. This automatically gives him access to Top Secret material, being tantamount to a military clearance, but technically this has not issued from the JCS or the Services.

3. Following the meeting with Mr. Gould, I visited Mr. Scott, the Security Officer of JCS, and through him talked with Col. Carnes, Deputy Secretary to JCS, who evidently has made decisions in this case for JCS. Col. Carnes had not seen the STRASBOURG telegram although he was aware of the STRASBOURG incident. His position in the case is that he thought there was too much allegation and not enough fact derogatory to Mr. Stone and on that basis he asked AEC to grant a "Q" clearance in July of last year. He felt it was up to them to make the final decision. Their decision having been to grant the "Q" clearance, Col. Carnes stated that he had no hesitancy in granting Mr. Stone access to Top Secret material. He also stated that the JCS does not grant clearance as such; that is, if a military clearance is granted it must be granted by a service. JCS only grants clearance for JCS based on the "Q" clearance. However, he further stated that he considered the situation an undesirable one because, to date, he has had no knowledge of any request for a "Q" clearance on any person having being denied by the AEC. Col. Carnes is cleared and indoctrinated for Special Intelligence and I asked what his opinion was concerning Stone's being granted access to such matter. He stated again that he thought that was a decision that we would have to make for ourselves.

but that, in view of the information we have, he would question a decision not to
grant clearance for Special Intelligence.

4. Considering the AEC's Security Officer's (Capt Waters) reaction to the
STRASBOURG cable, I suggest we hold up our decision until we get his final decision.
We feel that more should be learned about the originator of the cable, Mr. Roudybush,
since his report may be an isolated instance and due entirely to personal animosity.
However, in view of JCS's apparent dissatisfaction with the "Q" clearance procedures,
I believe we are going to have to review the material on which "Q" clearances are
based before granting AFSA clearances.
