1. Mass production
2. The doubling of oil
   makes for confusion
   in efficient processes
   and waste materials.
3. Weed out the dead
   and streamline. No 1 point.
4. The Branch Office in
   view of these operations will
   become himself the 2nd
   change.
5. He will also resemble to undertake,
   with an objective form of
   view, needed change.
6. He will realize that certain
   changes have been needed
   for a long time. For many
   not yet made. Clearly
   is the trend.
