MEMORANDUM FOR [REDACTED]

EO 3.3(h)(2)
PL 86-36/50 USC 3605

SUBJECT: Plain-text Processing

1. Among the subjects on which you asked that I write a paper was that of similarities and differences between [REDACTED] and AFSA organizations, methods and arrangements for processing plain-text traffic for the production of COMINT. Attached hereto, as an enclosure, is the paper I have prepared on the subject, which I hope will be adequate for your purposes.

2. [REDACTED]

[REDACTED] This may not be true in all areas of the problem; only a careful review of the situation could serve to indicate what could now be eliminated or reduced in scale.

3. As before, I must state that the enclosure represents my personal views and is not to be regarded as an official AFSA document.

This document contains information affecting the national defense of the United States within the meaning of the Espionage Laws, Title 18, U.S.C., Sections 793 and 794.
