Dear Vince:

Thank you very much for making the trip to Lexington to deposit the German Enigma Machine and unclassify the Friedman material. It was a pleasure to work with you and [redacted] and I greatly appreciate your assistance.

We anticipate having the Enigma on display in the museum before the weekend. I am working up an information sheet to include in the case. I will also indicate the machine is on loan from the "United States Government."

If you find any information on the items we are keeping closed in the Friedman Collection, please let me know.

Again, thank you for all of your help. Royster sends his regards.

Sincerely yours,

Tony
