PART III: CUBAN COMMUNICATIONS

The continuation of the selection by...
area has been observed in CENTRE of this reporting period. In addition to the reported efforts of the EXEMPT in participating in this operation, the deployment of troops to the area indicates an increased operational effort (2/EXEMPT 855-63 and 3/EXEMPT 133-63).

Several references to a operation utilizing the personnel efforts of the EXEMPT were indicated in messages from 01 November. This operation was affected.

In order to apprehend persons attempting to flee the country (2/EXEMPT 253-63).

There were also several messages about an operation in the area of EXEMPT Province. An insurgent force operating of three individuals was captured at EXEMPT Village in the Municipality of EXEMPT. The EXEMPT Force apparently utilized for this operation (2/EXEMPT 285-63, 3/EXEMPT 292-63).

Reference to a EXEMPT was observed in a written communication on 10 November. The Chief of EXEMPT ordered the Chief of the subordinate to publish the possibility of this next operation was part of a new organization and not the possibility orders that this is a reference to the latter references have not been observed in this particular area. Subsequent to the possibility of the EXEMPT (2/EXEMPT 301-63).

The EXEMPT field maneuvers conducted by elements of the Central Army during the period 25 to 30 November were and were witnessed by officials from Cuba. Invitations to observe these maneuvers were extended to officials or delegations of EXEMPT. The representation from MFA were also invited and were observers were to be at EXEMPT on 26 November. Thereafter, the observers for at least some phase of these maneuvers were to be held.

An interest of EXEMPT a presence in which the EXEMPT participated and information EXEMPT provided by the EXEMPT.
The location of the anti-Steife Organization was discovered.

There has been only one later-area movement noted in the period covered by this report. (EXEMPT subject/interest disclosed in file.)

A press conference was held today at the base. (EXEMPT) It was reported that the area would be considered safe.

The vice-active-in-custody situation during the week involved two members from the RAB ( REGO-63, RABO-63), one in the base and one in the exercise area. (EXEMPT) He was transported.
