[3-part message complete]

A visit made to the EXEMPT province on the 12th gave EXEMPT an opportunity to deliver a new speech. The United States was violently taken to task, and the EXEMPT announced his decision to recall Mr. EXEMPT and almost all the personnel of the EXEMPT in Washington and to leave only the EXEMPT. He justified this step by the United States Ambassador's recent "protest" to the President of the Council against the "hate campaign" initiated in EXEMPT following the death of EXEMPT a campaign which did not spare President KENNEDY's memory. Threats of a complete break were even made in the event that the hate campaign continued.

The EXEMPT also took up--but much more moderately--the question of relations EXEMPT Vietnam and stated that the Vietnamese Government had already been able to seize one of the EXEMPT transmitting stations and hoped to discover the other one soon. He added that Mr. EXEMPT was to come to EXEMPT at any moment to begin negotiations but that he was maintaining the five conditions that he had set up for the resumption of normal relations with EXEMPT.

Finally, the Chief of State announced the forthcoming arrival of Mr. MESSMER and a French delegation and expressed his confidence in President DE GAULLE, "who EXEMPT but," he strongly emphasized, "it will be necessary for France to respect the
