Chronological Events Relating to the Seizure of the
USS PUEBLO

1. Inclosed is an updated version of a document put
   together immediately after the seizure of the USS PUEBLO
   entitled: Chronological Events Relating to Position of
   PUEBLO at Time of Seizure. The document was prepared as
   a joint effort between B and P2.

2. The updated version incorporates:

   a. Additional operational messages involving
      the dispatch of the PUEBLO to the Korean area.

   b. Product that has become available since the
      issuance of the original document. This relates primarily
      to North Korean radar tracks, and a refinement of previously
      issued product.

3. No additional light is shed on what was previously
   known.
