To DIRECTOR.

1. According to information from the METRO [i] the Foreign Office has decided not to rush with the question of the Baltic States since in their opinion a similar situation is coming to a head in Finland. They think that if the latter does occur it will cause great displeasure in S&SHA [ii] whose line in this question the British intend to watch.
2. The fact that the SAUSAGE-DEALERS [KOLBASHNIKI][iii] are using large groups of aircraft 400-450 strong by day and that they are mainly bombing ports, i.e. the THAMES Estuary, PORTSMOUTH, SOUTHAMPTON, PORTLAND, CARDIFF and SWANSEA, indicates that the SAUSAGE-DEALERS are endeavouring to paralyse the activity of England's main shipping centres [MORSKIE BAZY]. The authorities do not reveal the results of air-raids but the FRIENDS [DRUZ'Ya][iv] report that the damage is increasing and people are fleeing from the coastal areas.
3. THERAPEUTIST [TERAPEVT][v] reports that this week the SAUSAGE-DEALERS smashed two hangars and destroyed eight aircraft. The aerodrome was back in working order three hours after the raid. There are altogether 150 aircraft on the aerodrome which is guarded by Dutch soldiers. Allegedly five Frenchmen (two officers and three soldiers) have been shot for espionage on his aerodrome.

4. The Captains of the Estonian steamships bombed by the SAUSAGE-DEALERS speak poorly of its [a] quality. Out of 40 bombs not a single one hit. Two 250-kg bombs went through the deck of the S.S. KATVALDIS without exploding. They say that the SAUSAGE-DEALERS used to be better at bombing.

5. BUSINESSMAN [KONINGSMAW][v1] has reported that last week the SAUSAGE-DEALERS dropped five parachutists in the HENRIKY area. Only two have been captured. The SAUSAGE-DEALER guns located in the BOULCOER area have started to shell the south-east coast of England. To date the damage is said to be slight. A SAUSAGE-DEALER aircraft flew over the area during the shelling.

6. POULTRY-DEALER [KURNIK][v14] has reported that has proposed to TOM WINTERMAN [v14], a former battalion commander in the International Brigade, that he should help them to organize a Republican group with a view to a rising against PRANCO. TOM was expelled from the CORPORATION [KORPORATIA][1x] after his arrival from the south. He is now working in a special school on introducing Spanish methods of anti-tank warfare into the Home Guard [VOTROSTRA ZA OCHRAMA].
