REPORT ON A SELF-PROPELLED GUN (1943)

From: WASHINGTON

To: MOSCOW

No: 1642

16 July 43

Brief particulars from

[about 120 letters unrecovered]

other [about 6 letters unrecovered] similar to the M3 medium tank. The old M1 type gun [about 20 letters unrecovered] Colonel BAIRD [BERD] from the International Division of the War Department in a chat on the subject of the procurement of self-propelled artillery by us [about 10 letters unrecovered] 750 M12 guns have been made. The last 100 were turned out in June. After this a new, more up to date self-propelled gun of the same calibre will be built. These guns made a good showing in AFRICA.
