Reissue (T618)

From: SAN FRANCISCO

To: MOSCOW

No: 133

19 March 1944

To VIKTOR[1].

"BRUSOV"[11] has passed on a description of the "B-25J", information about a new version of the installation in the nose of the "B-25" of 8 machine guns, and [B $\frac{1}{2}$  voluminous] material on the "B-25J". Inform whether the data about the "B-25J" and the version of the machine gun installation should be telegraphed to you.

"MYASNİK"[111] reported that "AL'MA"[1v] [3 groups unrecovered] to us his service. "AL'MA", with whom I am acquainted personally, asked "MYASNİK" to organize a meeting with me for clarification of the question of how he can be useful to us. In my opinion such a meeting is expedient. I request instructions.
