To VIKTOR, [i]

In accordance with your instructions, on 6th December LANGE [iii] was sent to the USSR by the Soviet ship "MAJ" without the knowledge of the Swedes (he was put aboard without going through the formalities). LANGE

[36 groups unrecoverable]

[LANGE] lived clandestinely. The ship is bound for LENINGRAD with cargo, calling at LEO. L. asks to be met in LENINGRAD and requests assistance en route to MOSCOW. We shall send L.'s personal effects by diplomatic couriers, addressed to you.

[C: The Estonian] Werner KOBLI [iii] was sent to LENINGRAD on the S.S. "MJI" [1 group unrecovered][b] the navigator of this ship

[20 groups unrecoverable]

We think it advisable to remove KOBLI from the ship in LENINGRAD and to take operational measures. KOBLI has a brother in SWEDEN who fought against the Red Army in FINLAND and then fled to SWEDEN. We will let you know the details on both these matters.
