~~SECRET SPOKE~~ SECTION ONE OF FOUR 2/06/VCK-E/R12-67 PRELIMINARY AIR ACTIVITY REPORT INFORMATION CONTAINED HEREIN REPRESENTS PRELIMINARY ANALYSIS OF SIGINT AVAILABLE TO USJ-794 AS OF 211200Z JANUARY 1967. SECTION ONE - SUMMARY OF DRV AIR DEFENSE AND FLIGHT ACTIVITY FOR 19/20 JANUARY 1967. DRV MULTICHANNEL COMMUNICATIONS INTERCEPTED ON 19 JAN REFLECTED THE SHOOTDOWN OF ONE HOSTILE AIRCRAFT BY SAM SITE V1439 AND THE SUBSEQUENT CAPTURE OF THE TWO PILOTS. OPERATIONAL REPORTS REFLECTED THE LOSS OF ONE RF4C (RAT- TLER-3) TO SAMS WHICH CORRELATES TO THIS ACTIVITY AND THE REPORTED U.S. PILOT SIGHTINGS OF TWO "GOOD CHUTES". ON 20 JAN, DRV MULTICHANNEL COMMUNICATIONS REFLECTED THE UNSUCCESSFUL LAUNCH OF A SINGLE MISSILE BY SAM SITE V1421. TWENTY ONE SURFACE TO AIR MISSILES WERE OBSERVED BY U.S. PILOTS ON THIS DATE, ONE OF WHICH CORRELATES TO DRV MULTICHANNEL COMMUNICATIONS. NO U.S. AIRCRAFT WERE LOST TO SAMS ON 20 JAN. SIGINT REFLECTED 30 ACTIVE RADAR STATIONS USING 55 INDIVIDUAL PIECES OF RADAR EQUIPMENT. DRV AIR SURVEILLANCE FACILITIES REFLECTED 10 ACTIVE RADAR STATIONS REPORTING 208 TRACKS. THE SOUTH-ERN AREA WAS THE MOST ACTIVE REGION WITH 111 TRACKS RE-PORTED, WHILE THE VINH LINH RADAR STATION LOCATED IN THIS AREA WAS THE MOST ACTIVE INDIVIDUAL EARLY WARNING FACILITY WITH 59 TRACKS REPORTED. COMINT REFLECTED TEN ACTIVE SAM SITES WHILE ELINT IMPACTS WERE OBTAINED ON 15 SAM SITE ASSOCIATED [REDACTED] RADARS. THERE WERE 30 MIG SORTIES FLOWN ON 20 JAN WITH ACTIVITY CONSISTING OF ROUTINE NAVIGATIONAL TRAINING, PROBABLE PRACTICE INTERCEPT AND A DEFENSIVE PATROL, ALL PERFORMED BY VIETNAMESE PILOTS. SECTION TWO - SAM SITE SUBORDINATE TO THE 238TH REGIMENT DOWNS ONE HOSTILE AIRCRAFT. (ADDENDUM TO USJ-794 [REDACTED] 2/06/VCK-E/R9-67, DTG201930Z). DRV MULTICHANNEL COMMUNICATIONS INTERCEPTED BETWEEN 1102-1110Z, 19 JAN REFLECTED THE SHOOTDOWN OF ONE HOSTILE AIRCRAFT BY A SAM SITE LOCATED AT 2108N 10553E (V1439) AT AN UNSPECIFIED TIME. IN A CONVERSATION BEGINNING AT 1102Z BETWEEN THE 238TH SAM REGIMENTAL CONTROLLER AND A SPEAKER AT THE SITE: THE CONTROLLER CONGRADULATED THE SITE ON THE DESTRUCTION OF ONE "ENEMY AIRCRAFT". THE CONTROLLER WENT ON TO REPORT THAT "TOOK ALIVE THE TWO AGGRESSORS...WITH TWO SALVOS DEMOLISHED THE ENEMY FORM-ATION". THE REFERENCE TO TWO SALVOS SUGGESTS THAT TWO MISSILES HAD BEEN LAUNCHED. NO FURTHER REFERENCE TO THIS ACTIVITY WAS NOTED. PROBABLY CORRELATING TO THIS ACTIVITY (OPERATIONAL REPORTS) WAS THE LOSS OF ONE RF4C (RATTLER-3) IN THE VICINITY OF 2113N 10608E AT 0805Z. THE PILOTS OF RATTLER FLIGHT REPORTED AT LEAST SEVEN SAMS FIRED AT THE FLIGHT IN THE VICINITY OF 2110N 10556E AT APPROXIMATELY 0807Z, AND ONE PILOT REPORTED SEEING RATTLER ENGULFED IN FLAMES AND TWO GOOD PARACHUTES. SECTION THREE - MISSILE LAUNCHES 20 JANUARY 1967. BETWEEN 0147-0204Z, 20 JANUARY, DRV MULTICHANNEL COMMUNICATIONS REVEALED THE UNSUCCESSFUL LAUNCH OF A SINGLE MISSILE BY A SAM SITE LOCATED AT 2003N 10603E (V1421). THE TARGET, IDENTIFIED AS EIGHT AIRCRAFT, WAS INITIALLY REFLECTED OVER THE GULF OF TONKIN HEADING IN A NORTH- WESTERLY DIRECTION, AND AT APPROXIMATELY 0150Z PENETRATED THE DRV LAND MASS. CONTINUING IN A NORTHWESTERLY DIRECTION THE AIRCRAFT CONTINUED TO A POINT APPROXIMATELY 15NM SOUTHWEST OF PHUC NHAC AT 0153Z WHEN THE SOUND OF A MISSILE LAUNCH WAS AUDIBLE

THROUGH OPEN MMICROPHONE CONDITIONS. THE TARGET THEN TOOD UP A NORTHERLY
HEADING TO A LAST NOTED POSITION APPROXIMATELY 15NM WEST OF PHUC KHAC. JUST
PRIOR TO THE MISSILE LAUNCH, AN UNIDENTIFIED SPEAKER ASKED IF THE AAA WAS
FIRING PROPERLY. IN A POST LAUNCH REPORT, AN UNIDENTIFIED SPEAKER REPORTED THE
RANGE AT LAUNCH AS 14.5 NMS. FOLLOWING THIS AN UNIDENTIFIED SPEAKER STATED
"AFTER FIRING IT INCREASED ALTITUDE... DID NOT STRIKE... THE AAA WAS FAR". NO
FURTHER RESULTS OF THE LAUNCH WERE REPORTED. POSSIBLY CORRELATING TO THE ABOVE
ACTIVITY WAS OPERATIONAL REPORTS REFLECTING THE SIGHTING OF A MISSILE BY A
NAVYA4E AIRCRAFT SHORTLY BEFORE 0159Z IN THE NCINITY OF 2000N 10605E. THE PILOT
REPORTED SIGHTING THE MISSILE ON A HEADING OF 090 DEGREES AT HIS THREE O'CLOCK
POSITION. U.S. PILOTS OBSERVED A TOTAL OF 21 SURFACE TO AIR MISSILES ON THIS
DATE: HOWEVER, NO U.S. AIRCRAFT WERE REPORTED LOST TO SAMS. 900 NNNH
