

NSA/CSS Evaluated Products List for Paper Shredders

OVERVIEW

Devices included on this list have passed evaluation by meeting requirements set by the NSA/CSS for the destruction of paper. Meant to serve as guidance, inclusion in this document is not an endorsement by the NSA/CSS or the U.S. Government. All listed products sanitize TS/SCI and below.

QUALIFICATIONS FOR APPROVAL

Performance testing evaluates the device's ability to reduce paper documents to shards measuring 1 millimeter by 5 millimeter, or less.

Testing protocol includes the timed destruction of conventional office copy paper (letter size, 20-lb weight, uncoated). Throughput classifications are provided simply for buyer convenience.

- Low volume = 0-4 reams/hour
- Medium volume = 5-9 reams/hour
- High volume = 10+ reams/hour

Equipment is listed in alphabetical order by vendor. Alternate or previously used retail names appear in parentheses.

Models that are no longer manufactured but still approved are included as well.

Vendors submitting equipment for evaluation will no longer have their return shipping costs funded by NSA.

Questions about specific models not shown can be directed to the Center for Storage Device Sanitization Research at 301-688-1053 or CSDSR@nsa.gov.

WHAT YOU NEED TO KNOW

1. This list serves as guidance for the destruction of paper.
2. Some devices listed here have passed testing for CD optical storage device format in addition to paper.
3. Each device offers different convenience features, sheet capacities, feed sizes, footprints and power requirements. Contact the vendor to identify the unit(s) best suited to your site's needs.
4. When a product is removed from the EPL due to security reasons a grace period of six years for continued usage is in effect for DoD customers. IC customers follow your organization's policy regarding this matter. Government Contractors should follow guidance/policy of their cognizant government industrial security oversight organization.

This document is updated on an as-needed basis. The procedures for administration and distribution of the EPL are subject to change without notice.
