114387	6/16/2022	On 16 June 2022, The Sun published the following: A MYSTERY plane has crossed six NATO countries and triggered a swarm of jets before the pilot landed and vanished. The suspicious two-seater was spotted by Hungarian and Romanian Air Forces flying through their airspace and over Poland, Slovakia, and Serbia before landing in Bulgaria. Every one of those countries bar Serbia is a NATO member. The mystery plane is believed to have taken off from Lithuania and landed in an abandoned airfield in Targovishte, Bulgaria, according to media outlet Euractiv. Fighter jets including USAF F-16s, two Romanian F-16s and two Hungarian Gripens were scrambled and tracked the 60-year-old two seater's journey after it failed to respond to radio transmissions. The small Beechcraft plane reportedly landed in a small airport in Debrecen, Hungary, where a group of people got off to refuel before taking off again and narrowly escaping police.
