

Note: Effective Calendar Year 2019, NSA FOIA logs contain: Case Number, Recieve Date, Subject of Request, and Final Disposition (if closed).

Requests for information on named individuals who are not public figures, improper FOIA requests, and duplicate requests submitted by the same requester are not included in the logs.

Case Number	Receive Date	Subject	Disposition
116072	4/3/2023	Unidentified flying object unidentified aerial vehicles. Want to know about the latest evidence of tic tac evidence including where these locations were taking place in all information included in the evidence from March 1st to the 31st 2023 Just request a digital copy.	Neither Confirm Nor Deny
116075	4/3/2023	Processing notes of FOIA request 114070. Date Range: April 16th 2022 - September 21st 2022	Partial Denial
116086	4/4/2023	any records in regards to 1996 penial gland transplant and rfid patent information.	Withdrawn
116097	4/5/2023	Requesting a copy of the report produced by the Office of the Inspector General titled "INSPECTOR GENERAL REPORT OF INVESTIGATION 5 June 2015; Revised 28 September 2015 IV-14-0112 Alleged Hostile Work Environment." The document was previously cleared for release by NSA on 12/20/2022. As member of the news media making this request as part of effort to disseminate information to inform the public concerning actual or alleged government activity, and the requested record pertains to an issue of ongoing public debate and scrutiny, requesting expedited treatment.	Granted In Full
116103	4/5/2023	Seeking the final determination letters of all FOIA requests that returned responsive records, as written by the National Security Agency (NSA) in the calendar year 2022.	Partial Denial
116106	4/6/2023	All responsive records, which should include Documents, Files, communications (other agencies), Notes, Letters, emails, memos for-a DOE team (SRT, NEST, ARG etc) in/sent to the country of Peru in 1997 for response &/or assistants to an incident (nuclear, biological, radiological, chemical etc). All data held by NSA. Date Range: 1997-2003(full years)	Neither Confirm Nor Deny
116127	4/10/2023	gitlab.coi.nsa.ic.gov/-/snippets/4658 gitlab.coi.nsa.ic.gov/crypt_discovery/DeserializationLibrary imagestore.nsa.ic.gov/51458.jpg imagestore.nsa.ic.gov/51459.jpg Date Range: 2017 to present	Neither Confirm Nor Deny
116137	4/10/2023	One Jeremy Kenyon Lockyer Corbell recently released a report about the military shooting on a UFO or UAP in Syria. Want any follow-up information can get regarding this information. Would also love anything can get regarding Russia/China shooting at UAP's. Am a writer with a small publication. Know from personal experience that there are several species interacting with homo sapiens. Feel it is duty to help bring forward whatever information regarding the subject and to help normalize it in the public's view. Not sure how to really broach the subject responsibly & or what to say. Am a First Nations representative and feel the government is really screwing up how they are handling this subject. Which is fine. Just don't say they are flying with impunity when every tribe on the continent welcomes the vast majority of our friends. Or expect to criticize the ignorance. One or the other. Would prefer to work with & or build bridges regarding the subject. Date Range: Do not know the official dates but can always make a few lists if that would help with the vast majority of information that you guys have to sort through.	Neither Confirm Nor Deny
116151	4/13/2023	Want to see if there was an investigation into: Babel Street, Inc And or Anomaly Six, llc	Neither Confirm Nor Deny
116152	4/13/2023	Requesting any and all documents, emails or notes between AG Merrick Garland, Joseph R. Biden, Barack H. Obama, Michelle Obama regarding bypassing, utilizing loopholes or ignoring court rulings on enforcing immigration or any criminal law. Date Range: 2/1/2021 to 4/10/23	Full Denial
116168	4/17/2023	Release AI transmission and discussion 04/15 between 14:00-16:00 Date Range: 04/15	Records Not Reasonably Described
116170	4/17/2023	Information regarding the use of Morse code across the United States for banking purposes. Date Range: 1913-1945	Not Agency Record

Case Number	Receive Date	Subject	Disposition
116179	4/17/2023	<p>Writing to request access to any and all records and documents pertaining to the designers of the Advanced Encryption Standard (AES), specifically Joan Daemen and Vincent Rijmen. Request that these documents be made available in their entirety.</p> <p>Also request access to any metadata or other information related to the NSA's XKEYSCORE program or any other program that may be relevant to this request.</p> <p>Would like to draw your attention to the attached article entitled "The extended Rijndael-like block ciphers". This article provides important context and background information on the AES and its designers. Request that this article be considered as a part of FOIA request, and that any relevant documents referenced in the article be included in request.</p> <p>Would like to request records related to the NSA's Enterprise Secure Logon User Repository (ESLUR) that may pertain to the AES or its designers.</p> <p>Clarified on 17 May 2023 for:</p> <p>Any and all records related to the development, implementation, and purpose of the AES, specifically focusing on the involvement of Joan Daemen and Vincent Rijmen, from January 1, 1998, to December 31, 2010.</p> <p>Any communication, memoranda, reports, or other documents related to the design or development of the AES, involving or mentioning Joan Daemen and Vincent Rijmen, from January 1, 1998, to December 31, 2010.</p> <p>Any records or documents related to the NSA's surveillance programs, specifically focusing on their use of the AES or the involvement of Joan Daemen and Vincent Rijmen, from January 1, 2005, to December 31, 2010. This includes, but is not limited to:</p> <ul style="list-style-type: none"> a. XKEYSCORE program b. PRISM program c. Upstream collection program d. Bullrun decryption program e. MYSTIC voice interception program 	
116190	4/19/2023	Would be grateful if you could provide all the information you have regarding US armaments sales to the Philippines that your department has approved licences for and/or are aware of. Require the dollar values of all transactions, descriptions of the types of goods and services rendered and the names of companies supplying the goods and services. The period would like data on is from 2016 to 2022.	Neither Confirm Nor Deny
116192	4/20/2023	Request disclosure on the following records: All documents such as intelligence, IIRs, Intelligence Summaries (INTSUMs), OPSUMs, SITREPs, assessments or reporting pertaining to Tiktok and national security vulnerabilities, indicators of foreign influence, espionage, or intelligence collection by the chinese government via Tiktok or their parent company, Bytedance. Date Range: 2017 to present	Neither Confirm Nor Deny
116196	4/20/2023	<p>Hereby request the following records: requesting access to documents held by the National Security Agency (NSA) related to the monitoring or analysis of internet memes. Specifically, seeking any records, reports, memoranda, emails, or other documents related to the NSA's monitoring or analysis of internet memes, including any policies, guidelines, or procedures related to this monitoring or analysis. Additionally, interested in any records, reports, memoranda, emails, or other documents related to the NSA's use of internet memes for any purpose, including propaganda or disinformation campaigns.</p> <p>Also requesting any records related to the ELSUR program, XKeyscore program, metadata collection, or any other related programs that may be used for monitoring internet traffic and communications.</p> <p>CLARIFIED ON 8 MAY 2023 for:</p> <p>Any final reports, studies, or analyses produced by the NSA between January 1, 2018, and December 31, 2021, that specifically discuss the impact, role, or influence of internet memes in the context of information warfare, propaganda, or disinformation campaigns, with a particular focus on the following countries: Russia, China, Iran, and North Korea.</p> <p>Any documents, dating from January 1, 2018, to December 31, 2021, that outline policies, guidelines, or procedures related to the monitoring or analysis of internet memes, specifically in relation to foreign intelligence or counterintelligence activities concerning the aforementioned countries.</p>	Neither Confirm Nor Deny
116210	4/24/2023	Detailed Records and Documents for the undergoing Highly confidential Area 51 research and experiments.	Directed to Correct DOD Component

Case Number	Receive Date	Subject	Disposition
116216	4/25/2023	Request access to and copies of any part of the information or any part played by the NSA or other security agencies who share NSA clearance in the internet mystery Cicada 3301 between January 1st, 2012 - December 31, 2014. Date Range: January 1 2012 - December 31 2014	Partial Denial
116224	4/25/2002	Any and all information or records concerning [named individual] (DOB [specified date]; died [specified date]), specifically travel by [named individual] to the Soviet Union in 1960, including, but not limited to: (i) any direct or indirect contact between the NSA and [named individual] before, during, or after his travel; (ii) any photographs, documents, reports or information concerning [named individual]'s activity in the Soviet Union; (iii) any direct or indirect contact between the Soviet government and [named individual]; (iv) any requests that [named individual] transmit documents or information concerning Gary Francis Powers; and (v) any surveillance of [named individual]. Date Range: 1955-1965	Neither Confirm Nor Deny
116229	4/26/2023	Requesting information or records on "automation," roughly from between 1940 and 1965. A series of related terms for "automation" may encompass this topic since the term is not coined until around 1948 and popularized in 1953; such terms include "automatic control," "feedback," "automated," as well as discussions of the "pushbutton" or "fully-automated" factory. Documents related to "automation" will most likely appear within the context of studies on (a) the development of new industrial automation technologies, (b) impacts of this technological change on labor, culture, leisure, and society, and (c) the development and progress of automation technologies in the USSR. In particular, concerns regarding the development of automated factories in the Soviet Union should be documented in files from the period. Related discussions regarding automation will also appear in the context of the use of "magnetic tape," particularly in the context of General Electric's "record-playback" machines, which were deployed in the war effort to rapidly and automatically machine parts. The development of "proximity limit switches" by Westinghouse and Honeywell may also appear within the context of automatically exploding mines in the war effort that would become sold for industrial means in the post-war period. These records would be of particular interest for the DoD and related agencies. Date Range: roughly 1940-1965	
116233	4/27/2023	Request the following records: Related to the calendar events of NSA employees for the year 2023. Specifically, requesting any and all records related to the following calendar events for NSA employees for the year 2023: Training sessions, workshops, and other professional development opportunities. Meetings and appointments with external organizations, including government agencies, contractors, and private sector entities. Speaking engagements and conference presentations. Travel schedules, including dates, locations, and purposes of travel. Other events or activities that are included on the calendars of NSA employees. Would also like to request any policies or procedures governing the maintenance and use of employee calendars at the NSA.	

Case Number	Receive Date	Subject	Disposition
116234	4/27/2023	<p>Request the following records: Related to the number station known as the "Lincolnshire Poacher" and any possible connections, communications, or interactions between this station and U.S. intelligence agencies during its years of operation. Additionally, request that an interagency search be conducted in order to retrieve information from other relevant U.S. government departments and agencies. To facilitate your search, please consider using the following keystings:</p> <p>"Lincolnshire Poacher" number station British number stations U.S. intelligence monitoring of number stations Collaborative efforts between U.S. and British intelligence agencies on number stations</p> <p>Please focus on the following categories of documents: Internal reports or assessments related to the "Lincolnshire Poacher." Technical analyses or evaluations of the transmission methods, encryption techniques, or content of messages broadcast by the "Lincolnshire Poacher." Any other documents or records that provide insight into the U.S. government's knowledge of, or involvement with, the "Lincolnshire Poacher."</p> <p>Seeking access to both classified and unclassified materials. If any requested materials are classified, request that they be reviewed for declassification.</p>	Neither Confirm Nor Deny
116239	4/28/2023	<p>All documentation and briefings relating to Vietnam to include about aid to French Indochina, Ngo Dinh Diem, Ho Chi Minh, and Viet Minh from the National Security Council.</p> <p>Date Range: January 1945 to December 1953</p>	No Records
116241	4/28/2023	<p>Description of Requested Items: NSA records that pertain to: Le Mans, France City Island, New York Jacksonville, Florida Philadelphia Experiment and great grandfather [named individual] if there's anything on him too. DOB [specified date] Date Range: 1946 - 1996</p>	Records Not Reasonably Described
116249	4/28/2023	<p>Request the following records: Related to the administrative closure of FOIA request, Case Number 115974 and Appeal Number 5699. Specifically, requesting any and all documents, including but not limited to internal memos, emails, and other communications, related to the decision to administratively close request. In addition, requesting any records related to the NSA's policies and practices for administratively closing FOIA requests, including any guidance or training materials provided to FOIA officers.</p>	Partial Denial
116262	5/2/2023	<p>Working on a project for history class and while reading info about Venona found the name Robert louis Benson and. am using one his monographs as a sources for project and need some info about who he was and things he did tried looking everywhere but cant seem to find much about him and when do find info about a Robert louis it doesn't seem to add up with what he did with Venona.</p> <p>Request amended to be for records previously approved for release by NSA.</p>	Granted In Full
116268	5/2/2023	<p>Signed employment agreement(s) between William Ackerly and the National Security Agency, dated 2004 to 2012. Mr. Ackerly served as a Cloud Security Architect at the National Security Agency from August 2004 to August 2012. Seek copies of any and all agreements or contracts governing the employment relationship that existed between Mr. Ackerly and the NSA from 2004 to 2012.</p> <p>Date Range: 2004-2012</p>	Neither Confirm Nor Deny

Case Number	Receive Date	Subject	Disposition
116278	5/3/2023	Request the following: - Complaints and commendations received by the NSA about Anne Neuberger, a former employee and director at the NSA, during her entire tenure at the agency. These reports should include the times when she served as director of the NSA's cybersecurity directorate, assistant deputy director of the operations directorate, chief risk officer, director of the NSA commercial Solutions Center and special assistant to the NSA director. Date Range: Complaints and commendations should cover the entirety of Neuberger's publicly known tenure with the agency, from Feb 2010 to Jan. 2021.	
116279	5/3/2023	All personnel records and documents concerning Anne Solomon (GS15) DOB 02/02/17 DOD 07/16/2011 Date Range: 1940-1990	Neither Confirm Nor Deny
116281	5/4/2023	have a right to know. Date Range: 2001-present	Records Not Reasonably Described
116287	5/3/2023	Request the following records: Pertaining to the NSA's policies and procedures for the handling of passwords. Specifically, requesting any documentation related to the following: Any policies ,procedures or memos related to the creation, management, or use of passwords by NSA personnel or contractors. Any training materials or guidelines provided to NSA personnel or contractors regarding password security. Any records of security breaches or incidents related to the compromise of passwords within the NSA's systems or networks. Any reports or studies related to the effectiveness of the NSA's password policies and procedures. Clarified on 25 May 2026 for: Any written policies, procedures, or memos specifically addressing the creation, management, or use of passwords by NSA personnel or contractors. This includes any guidelines or requirements related to password complexity, frequency of password changes, password length, or any other relevant considerations. Any training materials, manuals, or guidelines provided to NSA personnel or contractors with regard to password security. This may include training modules, handbooks, presentations, or any other instructional materials used to educate individuals on best practices for password protection within the NSA. Any records, reports, or incident documentation related to security breaches or incidents that involved the compromise of passwords within the NSA's systems or networks. This includes any internal investigations, incident reports, or post-mortem analyses conducted to evaluate the cause, impact, and remedial actions taken in response to such incidents. Any reports, studies, or assessments conducted by or for the NSA that evaluate the effectiveness or adequacy of the NSA's password policies and procedures. This may include internal reviews, audits, or external assessments aimed at assessing the overall security posture and the efficacy of password-related measures implemented by the NSA.	
116288	5/3/2023	Request the following records: Related to the NSA's policies and procedures for handling FOIA requests, including the use of the Glomar response to neither confirm nor deny the existence of responsive records. In particular, requesting any and all documents, including but not limited to manuals, training materials, and internal memos, related to the following: The NSA's policies and procedures for determining whether to release or withhold information in response to FOIA requests. The criteria used by the NSA to determine when to use the Glomar response to neither confirm nor deny the existence of responsive records. The NSA's policies and procedures for responding to requests for expedited processing of FOIA requests. The NSA's policies and procedures for processing complex or voluminous FOIA requests. The NSA's policies and procedures for responding to FOIA appeals and litigation. Also requesting any records related to the NSA's training of FOIA officers and staff on the proper handling of FOIA requests, including the use of the Glomar response.

116509	6/8/2023	Extraterrestrial abduction "after care" unit organized by US military.	Directed to Correct DOD Component
116510	6/9/2023	Seeking any records related to the term "Moonshaft" or "Tony Horak" or "Antonin Horak". He was the author of an article in an 1965 April edition of the NSS journal, mentioning he found a cave in Slovakia. Searching for any records that would give me clues as to who took care of his belongings after he died or whether he disclosed more information about the cave's location other than the article itself and some correspondence circulating the internet. Date Range: March 1st, 1965 - December 1st, 1976	Not Agency Record
116511	6/9/2023	Request the following records: The full project MINARET "watch list" as it existed at the time that the program ended in 1973.	No Records
116514	6/12/2023	Unredacted copy of pages 13-30 of "The Suez Crisis: A Brief Comint History (U)," (N.S.A Office of Archives and History 1988), DOC ID 416421, declassified 1-15-2013. Date Range: 1988	
116518	6/12/2023	Would like to know about any extra declassified information about UFO sightings or documentation that is not on PDF.	Neither Confirm Nor Deny
116524	6/10/2023	Request the following records: Writing to request information regarding the bandwidth usage and power consumption of the National Security Agency's (NSA) data centers. Specifically, requesting data on the gigawatt power consumption and bandwidth usage for the NSA's data centers listed below for the past three years: Utah Data Center in Bluffdale, Utah Georgia Cryptologic Center in Augusta, Georgia Texas Cryptologic Center in San Antonio, Texas NSA Hawaii Cryptologic Center in Honolulu, Hawaii To ensure a complete and thorough response, would like to clarify that when use the term "any" in request, using it in the broadest sense to mean all records that meet the criteria specified in request. Not limiting my request to a specific type or subset of records, but rather seeking all records that contain the requested information. In addition, would like to request that any responsive records be provided in a format that is accessible to individuals with disabilities, in accordance with the Americans with Disabilities Act (ADA) and the Section 508 standards. With that clarification, request the following information: Any and all documents, including but not limited to reports, spreadsheets, or data tables, that contain information about the power consumption of the above-listed NSA data centers, including: a. The total amount of power consumed by each data center on an annual basis for each of the past three years. b. The sources of energy used (e.g., coal, natural gas, renewable sources) for each data center for each of the past three years. c. Any efforts or initiatives by the NSA to reduce energy consumption or improve energy efficiency at each data center, including any plans or programs in place for each of the past three years. Any and all documents, including but not limited to reports, spreadsheets, or data tables, that contain information about the bandwidth usage of the above-listed NSA dat	Full Denial
