|             | No Records               | (U) This is a request on behalf of the The James Madison Project ("JMP") and Louise Mensch ("Mrs. Mensch")(hereinafter referred to jointly as "JMP"). This request seeks copies of National Security Agency ("NSA") records, including cross-references. Specifically, JMP seeks records memorializing investigations conducted into possible interference by foreign governments or non-governmental organizations with the U.S. election on November 8, 2016. The scope of the search should include any final determinations identifying U.S. states whose election systems were targeted and/or breached, any U.S. states whose vote tabulations were altered, and any determinations made regarding the identity of the perpetrator(s) of these acts. The NSA can limit the timeframe of its search from January 1, 2015, up until the date of acceptance of this request. The scope of the search should not be limited to NSA-originated records and should be construed to include records that are currently in the possession of a U.S. Government contractor for purposes of records management. | Rradley Moss     | 12/1/2016    | 11/30/2016           | 100294 |
