| 103940 | 29-Mar-18 | 30-Mar-18 | JEREMY MCKOWSKI | (U) Attached a FOIA redaction made in 2014/2015. Long story short: When this was used B(2) was a viable option it appears, however that seems to no longer be the case. As such because the b(2) cannot be used, on page (7 of the instruction) Bates page 12 of the PDF file, there must be further justification. Does NSA have such justification OR any reason to redact the information there? Does NSA have any issue with the document as a whole. | Withdrawn |
