

Room -7,
Foreign Office,
London, E. C. 1.

Dear Friedman,

I am sending you, I hope by this bag, each in a separate envelope, three reports which you wanted

- received*
- (1) that on Japanese commercial cyphers (which I think might also interest the Law Department)
 - (2) that on the Elzrowek cypher
 - and (3) a report on what we call the D.F.T. Group and which I think Mr. Kullback calls the broadcasting stations.

I should be very grateful if Dr. Kullback's part could supply from their internal evidence the identifications of any of these so-called unknown stations

already received

If Betty, head of our Italian Section, is preparing a full report on the points raised either by you or by Sinkov, which I will pass to you as soon as possible. I would suggest that for future co-operation he will take charge so far as I am concerned of the liaison and correspondence direct either with you or Sinkov, if you would prefer it.

I have not yet been able to tackle the other points you raised with me but I hope to send further reports before long.

Please give my friendly greetings to Colonel
Kullback/

W.F. Friedman, Esq

Fincker, Captain Hayes and Captain Cook and the rest of your officers. I hope you will manage to get your usual golf. I have had one game since my return and hope to play more in due course.

Yours ever sincerely

A. G. Johnston
