Zug, Dec. 2nd, 1961.

Dear Bill:

Many thanks for your kind letter of Nov.27. I was happy to learn that you have approved my motives for calling my boat "Astarte", as it would have been rather unpleasant for me to stay under suspicion for moral turpitude.

I was also happy to learn that you like the clock and that it serves its purpose well.

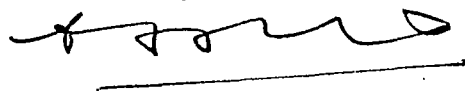

With regard to Sture, he has been looking for the cuff links, but as yet without success. He is going to renew his search.

As to our mutual "friend" H.B., I saw him last when visiting Bo nearly two years ago. He came to see Bo. - I have to deal with people from Engstroms outfit, and have as yet only very pleasant contacts.

And many thanks also for the Season's Greetings, which I beg to reciprocate! Annie and I are going to Sweden on the 18th, for X-mas, and are stopping over in Kiel on the 19th for Hells 60-year anniversary. Before that, we are going to Vienna on the 6th, for a few days: a little business, and then the opera and other cultural enjoyments. We were also in Bonn a couple of weeks ago, where our business is very good, so you can see that both myself and Annie are in good form. And we do hope that the same applies to Elizebeth and your good self!

We send you both our affectionate regards and best wishes,

Sincerely

ZUG
