Sundsvik, July 7, 1962.

Dear Elizabeth and Bill:

I opened the book parcel from the U.S. on the morning of my birthday, and was very pleased to have the two interesting books from you, together with your very kind prefaces. I am already well started on "The secret war", and it will not be so long before I shall be ready for "Clock and Cipher". Thank you so very much for these books, - I do hope I shall profit from reading them in my dealings with our Washington friends!

We missed you very much at the parties! I hope to call on you about them -

We had a great time, so much so that I feel rather exhausted now.

We expect however to go to Sandhamn on the 10th, and there we shall lead the simple way of life. We were much happy to

have our family all together
 - with the sole exception of
 Ata Berkes, who had got
 a new assignment at Ford's
 and who can therefore visit
 us only at some later
 date. Art came along with
 Ingrid, but will leave for
 the U.S. to-night. Our
 girls will stay on until
 Sept 2, To will probably
 leave earlier, as he cannot
 leave the business too long.
 We are happy to say, Annie
 and myself, that we feel
 unusually well, notwith-
 standing the rather turbu-
 lent time we've had since
 our arrival in Sweden on
 June 10th.
 Our very best regards and
 wishes! Sincerely and
 affectionately Ford & In-

BH
