

Dear Bill:

It is not quite some time since I heard from you last, - or is it vice versa the other way round? Anyway, we have been wondering how Elizabeth and your good self have been, and of course that all has been well.

We ourselves have no serious complaints, and time is flying even if we do not keep so very busy.

We spent the month of February in Boston. It was doubly disagreeable as the weather was unseasonably cold, and our new apartment was not ready, so that we had to stay at a hotel. We managed however to do some "expediting", and betting on good luck, we will go back there on April 1st, for a couple of weeks. Karl Wilhelm and his family will join us, and we will spend the Easter holidays together.

And how are your own plans, do you expect to come to this side of the Atlantic in the foreseeable future? As you know, we would be most happy to have a chance to have you as our guests, it is too long a time since you were here last.

Our plans for the summer are unchanged, so we expect to leave for Sweden around June 15 and to return three months later. We hope to have Ingrid and her children with us this summer also. Ingrid is getting a divorce from her husband, which of course is a sad thing, but which I understand is for the best, for all concerned except for art. There is no third person involved, and it is pure and simple incompatibility.

No such problems here, and we hope to be able to celebrate our golden anniversary in two years time.

We have had a very cold winter, and the zig lake has been frozen over. It is the second time this has happened in this century. But since a few days the thaw has set in, the ice has now become unsafe and the snow is melting fast. We hope for an early spring and a good summer, as the last three summers in Sweden have been very bad indeed.

At Greta the wheels turn at a good clip, so everything is OK. Do write soon and let us know how you have been.
With affectionate regards from us both.

Sincerely

T. Hagren
