

Zug, April 1.63.

Dear Elizebeth and Bill:

Many thanks for the letter. And it was fine to hear your voices last night, when you called us up.

We were very happy to learn that you will come to Switzerland soon, and that we shall have the opportunity of seeing quite a lot each other.

Now with regard to hotel rooms:

In Zurich the Storchchen was looked solid for the time indicated by you. We have reserved a quiet room with bath at the Hotel Rigi Hof. This is somewhat simpler than the Storchchen, but still a good hotel - we have our elves stayed there before we came to Zug. It is located on the Universitätsstrasse, on the other side of the Limmat river, and higher up.

Here in Zug you can have a room and bath at the Rosenberg, in their new house. This is quite modern, and I am sure that you will like it. Will you please let me know as soon as possible, for which date you want this room.

I have told the Rigi Hof that you will stay for at least 3 days, but eventually up to a week; ~~to~~ to Rosenberg I said that you might come on the 6th of May or a few days later. They will of course need the exact date soon.

We did not offer you a room at the Hotel Margelin, as we felt that you preferred to be your own masters. But we trust that we shall see a lot of each other, and that we might also be able to make some trips.

Hoping to hear from you soon again, and with best regards from both of us, I remain

Affectionately
