Dear Bill,

I am really sorry that I forgot your 75th birthday. Annie looked through her birthdaybook the other day, but then it was too late. We both wish you however all that is good, may your health improve, above all.

We have had a very difficult time. Annie began, to get some pain in her right side last spring and as this got worse during the summer, she went through an examination about a month ago in Stockholm, which indicated an operation. This was done in Zürich just three weeks ago, and a peice of her large intestine had to be removed, on account of a malignant growth. The operation was rather difficult, but successful, and we are very happy that it was done in time. We came down to our new home a week ago, and Annie has the help of Gunnars wife, Kerstin, this has been much more pleasant than a stay in a convalescence home. She is of course still very weak, but I think that she is improving very quickly, considering her keskkk age.

Our new home is now im order, we have only to get some pictures on the walls, and my books and papers in order. We do wish you collyd come and see us here, as we have a separate guest apartment, with two rooms & bath.

We do hope that you are both in a good condition, and we send you our affectionate regards.

Sincerely

Approved for Release by NSA on 08-06-2014 pursuant to E.O. 13526
