

Dear Elizabeth and Bill,
Many thanks for your very kind letter of May 7th. I was very sorry to hear that Bill has been so ill again, but I do trust that he has recovered by now. And I do hope that the summer will not become hot - in any meaning of this word. I am now expecting Margaret to morrow, and she will stay with me here (until ab June 10) and in Sweden until July 15, when she has to return to the US. Ingrid will arrive in Sweden towards the end of June, and also stay on this side of the "pond" for two months. I myself expect to return to Furberland

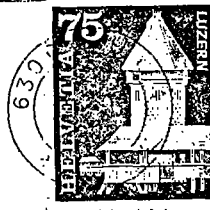

until abt. Sept. 15, and then
I have booked a passage on the
S/S United States, to arrive in
New York on October 2nd. I
will have as a companion a
secretary - nurse.

So if all goes well we should
be able to meet again in
Washington on the 7th or
8th of October - God willing.
Here we have plenty of develop-
ment going on, - we have to
keep abreast with the latest
in integrated circuits and
their technology.

Writing you all that is
good, with affectionate
regards I am your
very old friend Howard.
