

BORIS HAGELIN

Sandhamn July 6, 1969

Dear Elizabeth and Bill,
Many thanks for your kind
letter of June 29, for my birthday,
and for your good wishes!

The 2nd of July was "fejed" in
Sandön, my children, except two
were there, and a number of
grandchildren, and everything
went off well.

On the following day I took
the motorboat, with Margareta
and her daughter, and Ingrid with
her boy, to Sandhamn. We had
quite a rough trip, with thunder
storm and heavy rain, - visibility
near zero. Out here sun, but
still a little too windy.

Shea went to visit her mother
in the south of Sweden, and
will come here on the 15th inst,
when Ingrid and Arthur will
leave for the U.S.

Shea and myself will stay here
until the end of the month,
how long Margareta can stay

and in August Elin will go with me to Frykås.

I will write again before we leave Sweden for Zep & Minnie's. It might interest you to hear that I am planning - if all goes well - to come to the US again in February 1970, for Bob's 50 year anniversary.

I was very sorry to hear that ill health has been plaguing you both again. - I do hope that you both feel better now.

I myself am in good health, my only trouble is with my sleep, but this has not been too severe.

And as for the state of the world, there is nothing else for us individually to be done, but to live from day to day as if everything were O.K. It's cynical, but sane, I think.

With affectionate regards from my girls and your old friend David
