

As dictated by Mr. Friedman: He wants me to call Colonel Willard and related the following:

"I have need now of those books (NSA documents) which they gathered up and took out to his office when ~~we~~ we went to Mexico in the winter of 1959. I talked to Dr. Tordella about sending them out to my home again to keep. Dr. Tordella said he would call Colonel Willard. They should be sent out by courier and I would like to be called so as to be sure I will be home to receipt for them."

Dr. Tordella says send out anything up ^{there} to CONFIDENTIAL.
