Mr. H. P. Corwith  
 Vice President  
 Western Union Telegraph Company  
 60 Hudson Street, Room A-33  
 New York 13, New York

Dear Mr. Corwith:

In my letter of 10 September 1954, it was stated that we would be in a position to make such comments as might be appropriate on the Western Union "Report Relating to the Development of a Central Processing System" after we had had an opportunity to study in detail the suggestions contained therein. Although the study is not complete, I thought you might like to learn that we are finding the report of much interest and have reached some tentative conclusions. I therefore enclose a copy of a memorandum which will serve as an interim report on the findings and evaluations made thus far, which I hope you may find of interest.

Sincerely,

L. H. FROST
