

1 June 1955

Professor Saul Rosenzweig  
Department of Psychology  
Washington University  
4562 Scott Avenue  
Saint Louis 10, Missouri

Dear Professor Rosenzweig:

This will be just a short note in response to yours of 19 May. It is with regret that I have to tell you that a relapse during my convalescence at home has necessitated my rehospitalization for a little while longer.

As soon as I can, I will write you again about your interesting theory and letter concerning it.

Sincerely yours,

WILLIAM F. FRIEDMAN
