

13 May 1955

Professor Saul Rosenzweig
Department of Psychology
Washington University
4562 Scott Avenue
Saint Louis 10, Missouri

Dear Professor Rosenzweig:

Receipt of your letter of 10 May is acknowledged.

I wish I could say that I am sending you immediately the reprints for which you asked, but at the moment I am just recovering from a coronary occlusion which makes it a bit difficult for me to do the necessary amount of moving about to locate what you want. The items in question are in my third floor study and I am not allowed to walk up steps as yet. Is your need so urgent that it must be met immediately or can it wait say a couple of weeks?

Sincerely,

WILLIAM F. FRIEDMAN
