[redacted]
British Joint Services Mission
Room 4904
Main Navy Building
Washington 25, D.C.

Dear [redacted]:

Mr. Friedman has asked me to return this book to you and to tell you that he is grateful for the opportunity you afforded him to read it during his stay at the hospital. He says that the book was mildly exciting for a cardiac patient but probably was good for him in place of physical exercise equivalent thereto.

Sincerely,

KAY MOXTINE
Secretary
