Dear Bill:

Many thanks for your letter of June 18, which reached me here a few days after our arrival from Zug.

Well, you certainly do get around! I wish I could have attended your lectures in Los Angeles, and I wonder if I could have penetrated your latest disguise - that of a beard. But then of course your beribboned pince-nez and the snuff box would have given you away anyhow.

By the way, I think the use of snuff would be quite appropriate under the circumstances, stated by you in the note at the bottom of your letter.

Our trip to Sundsvik was very pleasant. I had a nice visit with Siemens in Munich, and had the chance to listen to Vierlings electronic organ in the church of Ebermannstadt - it was excellent! I met Annie in Hamburg, and we had a very fine drive together, first to Copenhagen, and from there to Sundsvik. Here we have attended the traditional Midsummer party, today we celebrate Gunnars 40 years of age, and on the 1st of July we go to the West Coast / Our address there for the next 3 or 4 weeks will be Gasö, Lysekil./

The above puts you au courant with my actions concerning Bo. I would add to this that I had a talk with Dr. Hall over the phone a few days ago. He had met Bo together with Barlow, and the only thing he could tell me was that he thought that Bo would probably be able to help him with certain of his products, in the USA. As Bo evidently keeps in close touch with Barlow, and as Bo has up to now kept silent as to his meetings with Barlow, you will probably understand that I am a little uneasy with regard to this.

Well, I do hope that you can teach the mathematicians not to overdraw their bank accounts, so that there will be something left for me.

Love and all the best to Elizebeth and yourself, from your old friends.
