Dear Bill:

With reference to your letter of 27 March about your trip to the Far East, we have no matters in mind at this time for discussion with DSB. In case something develops before you begin your trip, we will pass it to you at that time.

Our relations with the Australians have been uniformly good. Almost everything is handled through our Liaison Officer. This arrangement is working out very well indeed in all details. Of course, he will be on hand to assist you in any way that he can during your stop in Australia.

I am sure you will find your visit interesting and pleasant. On my last visit there, they extended to me every courtesy and invited me to attend their JIC meeting, which gave me a first-hand view of how they operate in their committees.

With all good wishes,

Sincerely,
