 EO 3.3(h)(2)

Dear General Willens:

Reference is made to your letter, File ACSI-IUU, dated 21 November 1960.

We were gratified to learn that National Security Agency participation in the last Joint U.S. - U.K. Conference on the proved to be beneficial to the success of the Conference.

We are pleased to accept your invitation to attend the forthcoming conference and Mr. Viri H. Mallonee of the Office of General Studies has been designated as the Agency representative. We believe your representatives will find him very well qualified.

~~Although there is also a shortage of NSA travel funds, we believe the importance of the Conference warrants the allocation of such funds and have so directed.~~ LWT

Sincerely,

L. H. FROST

M/R: General Willems letter indicated the value of NSA participation in the last Joint U.S. - U.K. conference and invited NSA to participate in the forthcoming conference to be held in London 23-27 January 1961. Although the NSA representative would be a member of the ACSI delegation, General Willems indicated that the Army did not have sufficient funds to cover the expense of our representative. Above reply self-explanatory. Approved by Assistant Director, PROD.
