

HEADQUARTERS, ARMY SERVICE FORCES
OFFICE OF THE CHIEF SIGNAL OFFICER
WASHINGTON 25, D. C.

26 July 1944.

Major General J. B. Allison,
U. S. A., Retired,
Chevy Chase Club,
Chevy Chase, Maryland.

Dear General Allison:

I was extremely pleased to receive the very nice photograph which you so kindly autographed. Captain Carroll tells me that it was necessary for you to make arrangements to have a photograph made in view of the fact that you had none on hand, and I appreciate your courtesy all the more and hope I did not put you to too much trouble.

The pictures of the various Chief Signal Officers under whom I have had the pleasure of serving are now being framed and your photograph will occupy a prominent place in the collection. Thank you very much for your kindness.

I have not had the pleasure of seeing you for a long time, but then during these hectic days we get very little chance to go out after the day's work is over. About the only thing I can do is to play nine holes of golf a couple of times a week after work, and this, of course, can be done only so long as we have the long days. Incidentally, my golf is improving very slowly. I presume that you have become an expert and are getting a great deal of fun out of it.

With most cordial greetings, I am,

Sincerely yours,

William F. Friedman,
Director of Communications
Research.
