Attention: Mr. William F. Friedman.

Dear Sir:

I am asking that the enclosed RAND Research Memoranda be sent to you as I believe that they might have been of some interest in connection with the study which I helped you in preparing in August and September. At best they represent crude beginnings of the approach which I should like to see used in this problem.

I hope to be in Washington on December 7 and 11, and I should like to drop in and read our final report if possible. We are continuing to think about this problem here, and should be happy to keep in touch on it.

Please sign and return the attached enclosure receipt.

Sincerely,

*Richard C. Raymond*
