Prof. E. R. Vincent,
Corpus Christi College,
Cambridge, England.

Dear Vincent:

This will be just a brief note to say that I expect to be in and near London from about 26 November to 1 December and that if possible to get together a reunion would be extremely nice.

I will try to reach you from Travis' shop soon after arrival.

I understand that Prof. William F. Edgerton, whom you probably met either here or over there during war days, is at Cambridge on a Fulbright fellowship. Have you run into him as you did our mutual friend Hotson? He sent me a greeting from you some six months ago.

With cordial greetings, and hopes of being able to get together, I am,

Sincerely,
