UNITED STATES MILITARY ACADEMY
WEST POINT, NEW YORK

2 June 1952

Colonel William F. Friedman
3801 Nebraska Avenue
Washington 25, D. C.

Dear Colonel Friedman:

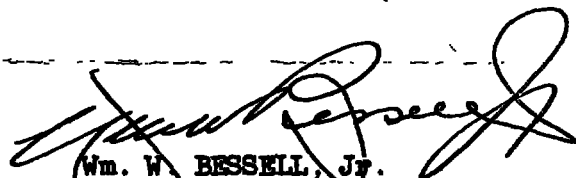

This is to express the thanks and appreciation of this Department for your interesting and highly informative lectures.

Your talks were, in my opinion, an exceptionally valuable and comprehensive contribution to the military education of the cadets. The Military Academy is indebted to the Armed Forces Security Agency, as well as to you personally, for this generous use of your professional time and thought in our behalf. I am sure that no other source could have provided us such an authoritative picture of this important high level application of statistical theory.

Col. Nicholas and the other officers of the Department join me in best personal wishes.

Again with thanks and appreciation,

Very sincerely yours,

Wm. W. BESSELL, Jr.
Col. USA, Professor
Head of Dept. Math.
